

AT WILLIAMSTOWN

A Hearty Reception to ex-Chief Crosier — A Veteran's Brave Deed — F. M. T. A. Concert and Ball to Come Friday Night.

The reception tendered by Gale Hose company Monday evening to ex-Chief W. L. Crosier was a hearty one. Practically all of the members were present and the occasion was greatly enjoyed in spite of the fact that it marked the retirement of Chief Crosier from the position. The first speaker was George W. Nichols, who spoke of Mr. Crosier's valuable services in building up the fire department and as its chief since it was formed. After further complimentary remarks he said the company could not allow the occasion to pass without giving to the retiring chief some token of their regard. At this point an unusually large and elegant oak rocker upholstered in leather was brought in. P. J. Dempsey made a fitting and happy presentation speech, to which Mr. Crosier feelingly responded. He hoped the firemen would stand faithfully by the new board of engineers and strive to be a model company in the future, as they had been in the past. There were short talks by various members, all of whom expressed their high appreciation of Mr. Crosier's services and kind treatment at all times. Refreshments were served and it was after 11 o'clock when the firemen left the hose room, where the reception was held. A delegation accompanied Mr. Crosier to his home on Water street, carrying the mammoth chair. On their arrival at the home Mrs. Crosier, who had retired, was called to see the beautiful present and after a social chat for half an hour or so the delegation withdrew. Mr. Crosier values the gift highly and will treasure it as a memento of the cordial relations which existed between himself and the members of Gale Hose company who served under him.

F. M. T. A. Concert and Ball.

The arrangements for the second annual concert and ball of the Father Mathew Temperance association, to be given Friday evening in the opera house, have been completed. The young ladies have volunteered to decorate the hall with flowers, evergreens and ferns. The hall will be elaborately trimmed and over the stage will be the letters in bold relief, F. M. T. A. The ideal orchestra of North Adams will give the concert and furnish the music for dancing. Supper will be served in the F. M. T. A. rooms in Moore's block, during an intermission at midnight. Special invitations have been sent the Father Mathew societies in Adams, North Adams and Blackinton, and a special car has been chartered for their accommodation after the ball. The committee of arrangements consists of P. J. Dempsey, D. J. Connors, William Upton, D. J. Quinn, T. M. McMahon, Jr., and William Rowley; floor director, D. J. Connors; aids, D. J. Quinn, William Rowley, Thomas Holbrook, M. W. Kelly, T. M. Welch; reception committee, J. E. Fitzgerald, J. J. Kelly, George Busseno, M. E. Griffin, Michael F. Danaher, M. F. Black. The price of tickets will be \$1.

A Veteran's Brave Deed.

Rev. W. R. Stocking's horse started from the vicinity of the postoffice Tuesday and ran up Spring street at a pace that would have caused most men to clear the track, but Patrick W. J. Kelly, a war veteran nearly 70 years of age, saw him coming and the risk involved in an attempt to stop him seemed to rouse the spirit of daring within him. In front of the Gavitt block he sprang with almost the quickness of a cat and seized the horse by the head. Mr. Kelly was carried some distance, but his hold was as firm as that of a bulldog and he soon brought the excited animal to a stop. No damage was done. Those who witnessed Mr. Kelly's agility and daring were both astonished and pleased, although they could hardly justify a man of his years in taking the risk he did.

A HUNDRED REASONS

Can be given by Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of indigestion.

They are in Tablet form which retains their good qualities indefinitely, while quid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to the taste.

After each meal dissolve one or two of them in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of today is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over 6000 men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Diseases of the Liver.

The liver is one of the most important organs of the body, as its work is to purify the blood, which passes through it several times a day. If any disease interferes with the proper working of this organ, the poisons are scattered through the system, and effect the stomach, kidneys and skin.

Acute liver disease passes into chronic form, and makes a life long trouble.

Liver trouble first shows itself by a dull, heavy pain in the right side just below the ribs. There may also be some slight pain in the right shoulder. Oftentimes this pain is supplemented by a burning sensation which extends to the breast bone.

There is also coated tongue, loss of appetite, with hot skin, a dry cough, thirst and constipation. The skin becomes yellow, the acute form should pass into the chronic, then the symptoms increase. The dull, heavy pain still continues, the right side becomes swollen, the skin is dry and of a deeper yellow, the whites of the eyes take on a yellow color, and brown (liver spots) appear upon the face and body.

Vomiting may continue, with intense thirst and high colored urine. The danger is that abscesses may form in the organ and burst, causing great prostration, delirium and even death. Other diseases, as a rule, complicate severe liver troubles, such as dyspepsia and heart trouble. A prompt and prolonged treatment is necessary for an entire cure.

As soon as you find any symptoms of liver trouble, begin at once using Dr. Frost's Liver Cure every two hours, this to be alternated with the Constipation Cure. If stomach trouble arises, take Dr. Frost's General Tonic after each meal.
